Coffeemakers

The best cup you've ever had, every time you have it

Since 1941, CHEMEX® has been brewing the best filtered coffee imaginable through our perfect blend of art and science. The unique properties of our pure glass carafe ensure the natural flavor of your chosen coffee beans—and nothing else. Together with the scientifically designed, patented CHEMEX® Bonded Filters, our pour-over brewing process delivers the perfect cup of coffee, without any sediments or bitter elements, enjoyed by coffee lovers around the world.

CHEMEX® delivers the purest flavor experience

- X Made of non-porous Borosilicate glass which will not absorb odors or chemical residues
- X The patented CHEMEX® Bonded Filter's cone shape and thickness eliminate oils, sediments, and bitter elements
- X CHEMEX® pour-over process allows coffee to be covered and refrigerated for reheating without losing flavor
- X Simple, easy to use with timeless, elegant design

Handblown CHEMEX® 3, 5, 8, & 13 cup
